

I am writing to make sure that the KLOVE radio station in my area stays on its current f.m. stations. This radio program serves me and my community by providing uplifting and christian music, which provides me with a more godly outlook throughout my day on my peers and myself muchless fellow drivers. Without this broadcast it would be a detriment to those who do not know christ as their lord and savior, and to those who already know Christ by allowing them to worship as a quiet time with the lord. This station is in the public and the private interest of every man, woman and child by bringing them closer to Christ on a daily basis. God bless those who bring this station to others in my area, and praise God I live in a nation that allows me to listen to his praise on public radio. Please continue to allow me and my fellow Americans to continue this right on the current f.m. stations!
